Dear Commissioner –

As a resident of Crossriver, a community in the Agua Fria wastewater district, I want the record to show my unconditional support for full consolidation of the EPCOR waste water districts. It is a fair and equitable solution to a major discriminatory and economic problem which has been plaguing our communities for many, many years. Other utility companies, welcomed growth into their systems. As with those utility customers, full consolidation treats all consumers on an equal basis, is economically viable to all parties and is acceptable to the utility company, EPCOR. Our property values are suffering due to these high water and waste water rates. Some consumers may see an increase but all consumers will be treated the same and uniformity and fairness is paramount. Please support full consolidation as requested by EPCOR.

Thank you in advance.

Dear Commissioners,

As a resident of Cross River, a community in the Agua Fria wastewater district, I want the record to show my unconditional support for full consolidation of the EPCOR waste water districts. In this past year, I have paid over \$2,000 to EPCOR because our rates are higher than our surrounding communities. That is an average of \$175/mo for my family of four. Please help us.

Please support the full consolidation requested by EPCOR. It is a fair and equitable solution to a major discriminatory and economic problem which has been plaguing our communities for many, many years. Other utility companies welcomed growth into their systems. Other utility companies, welcomed growth into their systems. As with those utility customers, full consolidation treats all consumers on an equal basis, is economically viable to all parties and is acceptable to the utility company, EPCOR. Our property values are suffering due to these high water and waste water rates. Dear Commissioners,

As concerned residents of Cross River, a community in the Agua Fria wastewater district, we are writing you so that the record will show our unconditional support for full consolidation of the EPCOR wastewater districts. It is a fair and equitable solution to a major discriminatory and economic problem which has been plaguing our communities for many years. Other utility companies have welcomed growth into their systems. As with those utility customers, full consolidation treats all consumers on an equal basis, is economically viable to all parties, and is acceptable to our utility company, EPCOR. Our property values and home sales are suffering due to the high water and wastewater rates we currently pay. Some consumers may see an increase, but all consumers will be treated the same, uniformity and fairness is paramount. Please support full consolidation as requested by EPCOR.

Thank you in advance,

As an EPCOR ratepayer and Youngtown Resident, I strongly object to EPCOR's recommendation for full consolidation of the EPCOR wastewater districts. EPCOR shows their cost of service for our district is approximately \$25.00/month and the consolidated rate would be over \$40.00/month for our district ratepayers. We have never shied away from our responsibility to earn our way and pay for the costs we incur. We should not be forced to subsidize the other districts. This is the USA after all.
Please "vote against full consolidation"
